

Dear Abu,  
Congratulations on your attempt to organize some of the outstanding pupils I remember from my time at Priory Boys. I wish you every success. Certainly that time at Priory Boys School was one of the happy periods of my life. My wife and I with some close California friends shall be visiting the Isle of Wight from September 19th to the 22nd. We have engagements for the Tuesday, Wednesday and Thursday evenings leaving us free on Monday and Friday. At my 'tender age' this is more than likely to be our last visit to the Island and would like to meet some of you young 65 year old kids! Neil Tosdevin is coordinating our visit. I am sure I have sent you the attached photographs. Also attached is a photograph of some of our family. I am the old guy with the white beard! With the very best wishes  
Yours  
Edgar Fentum
